20	21	22	23	24	25	26
27	28	29	30			

In September, the SOC is remembering the tragedy of 9/11 with a specific focus on children in any sort of disaster or emergency. The way children process and recover from trauma is very different than adults. Additionally, it has been proven that trauma has a profound impact on the trajectory of children's development. This month's presentation will address this and equip us as providers, parents, or just concerned citizens to best help children recover and thrive.
