In December, the SOC will be having its traditional "un-meeting" since it is the week before Christmas and many people are leaving on vacation or just plain busy! The room will be open, but there is no presentation or agenda. Please come if you are needing advice, support, or anything at all! The SOC may still have some ability to help individuals and families for the holidays, but that is contingent upon fund availability. It however never hurts to ask! The Year in Review will go out on the 19th, and this will also include the plan for 2026. Enjoy the holidays and HAPPY NEW YEAR in advance!
