

Office of Childhood (OOC) Program Overview

Looking for resources to support children age birth to 5? The OOC is here to help!

Want to learn more about your child's development from prenatal to kindergarten entry?

The **Missouri Parents as Teachers Parent Education Program** can connect you with a trained parent educator to support you on your parenting journey.

Looking for help paying for child care?

The **Missouri Child Care Subsidy Program** is available to assist families completing the subsidy application. Please call the Missouri Childhood Resource and Referral Call Center at 573-415-8605 to speak to a Community Support Specialist.

Looking for inclusive child care for a child with special needs?

Inclusion Services coordinates with the child care providers you select to meet the needs of your child.

Looking for local resources?

Missouri Family Resources (MFR) is a free statewide resource website and mobile app that allows users to quickly search for, and share, local resources.

Does your infant or toddler have a disability or significant developmental delay?

First Steps is Missouri's early intervention program that provides families with the tools they need to help their young child with special needs learn and grow.

Need education resources for your child age 3-5 with special needs?

Early Childhood Special Education is here to serve!

Looking for a local stakeholder group to discuss Early Childhood focused regional work in your area?

Childhood Community Leaders provide support by removing barriers families face to ensure all children are safe, healthy, and successful learners.

Is your child struggling with mental health?

The **Infant and Early Childhood Mental Health Initiative** can provide support in addressing challenging behavior.

Want to learn more about parenting?

Tips for Families offers resources and videos to help parents ensure their children are safe, happy, and learning skills that are age-appropriate.
