In May, our focus is on it being almost summer break for students and the need for them to have access to many fun and educational activities, groups, camps, clubs, you name it! There will be presentations from multiple organizations about summer resources for kids, families, and safety. Additionally, there will be a presentation from

Justine Warren (Program Manager) and Kelly Pelzer (Director) of Treatment Family and Professional Parent Homes at Burrell. There will also be information about the SOC's continued sponsorship of kids so that finances are not a barrier to them having a great summer break! This will again include paying camp fees, lesson fees for preferred activities, bikes, etc. If you work with families that often struggle with summer resources, this will be the meeting for you! I will have some additional announcements about various things including SOC initiatives and FIFA WC 2026. We hope to see everyone there!
